

Journey Time Savings – Shotton High Street

Flintshire County Council has been successful in obtaining funding from the Welsh Government to improve journey times along Shotton High Street.

In addition to the journey time saving proposals, the Authority are also keen to hear your views on potential cycling measures along Shotton High Street.

Due to the existing traffic volumes on Flintshire's roads, the Authority needs to develop attractive and alternative modes of transport, as well as improving bus and car journey times. Currently the daily congestion which affects Shotton High Street evidences the need to address the issues faced daily by commuters, residents and businesses.

- Reassessment of current One Way systems
- Revision of right turn provisions
- Road layout – formalisation of laybys
- Junction priority measures
- Active travel measures

Your views are important and will help us to provide a 'tailor made' scheme.

We want to hear what you think about our proposals but it's not possible to hold face-to-face consultation events due to Covid-19 restrictions. Instead, we would ask you to comment online via our website at www.flintshire.gov.uk.
